WORKS FOR VIOLIN

Vít Mužík

Czech violinist and producer (b. 1972) is one of the most multifaceted musicians working on the contemporary classical music scene. His abilities both as a performer on the concert stage and in the recording booth have led to appearances on more than 60 recordings in the Navona catalog, making him one of PARMA Recordings' most frequent collaborators.

Mužík studied under Prof. Ladislav Gořula at the Janacek Conservatory of Ostrava in his native Czech Republic, and his pursuit of advanced studies on the violin later brought him to Mannes College at The New School for Music in New York NY, the College Conservatory of Music at the University of Cincinnati OH, and the Mozarteum University in Salzburg, Austria under Sándor Végh. Since 2004, Mužík has served primarily as the Concertmaster for the world-renowned Moravian Philharmonic Orchestra, frequently serving also as a producer for recording sessions held at Reduta Hall in the ensemble's home base in the historic city of Olomouc.

As a performer, his talents both as a chamber musician and as a soloist on the violin have brought him to concert stages across Europe and North America. PARMA Recordings is proud to present this collection of recordings that feature Mužík's facility and versatility as a violinist in this digital collection.

THE PARMA SESSIONS is a performer-centric series of digital collections showcasing the skill and expertise of the musicians who are frequently featured on PARMA Recordings releases.
