OVERTURE 01:17

EMMANUELSTRASSE 04:20

Lying in my bed I look out of the window
the sound of rain on the autumn leaves hypnotizes me.

She is in my thoughts in the garden
with a rake in her hand she starts to work.

It's night upstairs there's a party and she's working in the
garden.
There are many bottles the grin on her lips, she continues
to work.

She is in my thoughts in the garden
with a rake in her hand and stares at me.
She is in my thoughts in the garden
with a rake in her hand and stops.

But who is she? what is she doing? I approach.
Who are you?
I'm here to clean your dreams.
What are you saying?
Yes, can't you see them? they're full of bottles.
But, what bottles? you're out of your mind.
Your bottles! I want your bottles! give me all your bottles!
Give 'em to me!
No! noooo! help! nooo! I don't have any bottles! noooooo!

She is in my thoughts in the garden
with a rake in her hand and stares at me.
She is in my thoughts in the garden
with a rake in her hand and stops.

BETWEEN THE TIME 03:45

UNDER DRESS 05:36

I am a funny clown
a smile blooms on your mouth.
I hear your loud laughter
I am a funny clown.
Clumsy, I fall and I rise
I laugh and cry
so you can smile.

Hasten to the show
all under the big top.
Red nose and big shoes,
this is your funny clown.
Relax, have fun,
enjoy the sight
but also make me laugh tonight.

I am a funny clown,
believe that I'm happy.

CHANGES 02:23

It's time to admire the beauty of nature
everyone is free from worries
It's time to dream
and everything is filled with joy
It's time to breathe
and then I sing: tara tirara tara ti taà tara tiraar tara ti ata
a time to dream

Are you running?
Are you doing?
Are you up to date?
Do you have money?
Do you want more?
Is it enough for you?
Is it all ok ?
Do you have a job?
Are you graduated?
all this things want save you from mediocrity

Have you got a house?
have you got a car?
have you got a nice bag?
Do you eat chinese?
do you want to drink
you wanna stay in tv?
Do you have a God?
Are you your God?
Is all in your hand?
All this things want save you from mediocrity

We hear, we play, we tell a story
we watch, we form, we look beyond
Then stop and think you're not in a ratrace
hear play watch and tell a story
hear play watch and look beyond (the world)

INTERLUDE 03:30

SILENT 04:43

WATER NOISE 00:49

A LIAR PACT 04:57

There was a time when sailors drove
ships in dangerous seas
for a pledge of loyalty
to their loved King.

Now these sailors have become
fearsome Pirates
who steal rafts from the penniless
leading them into the abyss.

SET FIRE TO THE PIRATES (repeat)

IN THE WEAVING 04:20

WORLD WAKE UP 03:36

The Rising Sun is comin' now
The Rising Sun was born in Africa
open your eyes and you will find
another day has just begun.

Before comfort and wellbeing
you could be happy in simplicity
let your worries go away
your life will be better.

"World Wake Up" we need to wake you up
"World Wake Up" we need the "World Wakin' Up".

**You feel the essence of the earth
it's calling to your soul**

"World Wake Up" we need to wake you up
we need the "World Wakin' Up" we need this world.

ANALOGITAL BLUES 02:05

NORDENPLATZ 02:37

Breathe in this new sensation
you're in a strange place.
Renounce your old convictions
and start to walk
it's all under your shoes.

Virtual is reality

thought is the reflection of
what is.
Be careful, what you get
is energy
let's take it.

Listen, observe, take
everything that passes.
Image and sound (get carried)
don't lose your way.

Your life's exploded around you
come back to your silence.
Carry in your eyes the shadings of the world
through the door of your room.
